Re: Capitol Towers Historic District M15-001 - SUPPORT
and Sacramento Commons proposed project P14-12 - OPPOSE

Dear City of Sacramento Leaders,

I am writing to you to join Sacramento Modern (SacMod's) efforts to preserve Capitol Towers and in support of Capitol Towers becoming a local landmark on the Sacramento Register of Historic and Cultural Resources.

Capitol Towers is already a historic district pursuant to Federal and State law. I would like to see our city policy support and value the findings that the the District can be listed on the National Register of Historic Places and is listed on the California Register of Historical Resources.

I am also writing to you in opposition of Sacramento Commons, a project that proposes to demolish Capitol Towers Historic District. Ways to achieve project goals in the historic district — without harming the existing historic resources — should be studied. These instances must be carefully examined as design problems that warrant design solutions. *Preservation and progress* can be achieved at the same time if city leaders, concerned citizens, interest groups, developers, and preservationists work together.

We CAN and we SHOULD do better — for our city — for our people — and for our future.

Thank you.
